Hello from Concordia College!

Your team has been invited to the Cobber High School Indoor Track and Field Invitational scheduled Friday, March 16, 2007, 6:30 p.m. See the schedule of events on the reverse side.

We will extend this invitation to teams of all sizes and classes in North Dakota. Currently there are no entry limitations, but should we have an overwhelming response to this invitation we might have to set entry limitations. We will send a follow-up email to inform you of which teams accepted the invitation and update any important information. Meet information will be posted on our track and field team pages at www.gocobbers.com.

We will supply an automatic computer timing system and a back-up automatic video timing system, all of the workers, plus compile all entries and results as part of your entry fee. Overall, we will provide a quality meet where the coaches can coach and watch without being distracted by the chores of the meet itself. We will have ribbons for the top 8 places and team champion plaques.

The entry fee will be $50.00 per team (each gender from a school is considered a separate team), so $100.00 per school running both boys and girls. Payment will be due the day of the meet. Make checks payable to Concordia College.

The Olson Sports and Fitness Forum (new in 1994, resurfaced in 2004) features a six lane, flat 200 meter track with an EPDM encapsulated surface. No spikes are allowed in your track shoes. We ask that you police and pick up the areas of your team camps. All team camps must be on the track’s perimeter or infield. No camps in the balconies.

Meet entries will be due Thursday, March 15, by 5:00 p.m. We will enter all your meet entries into the computers in order to generate the heat and flight sheets. Email entries to gzlarson@cord.edu. The week of the meet Garrick will email to you the email entry procedure. When doing your entries make sure to include a seed time, distance or height. This will insure everyone gets in a fair heat. If this is your first meet use last year’s results or best guess estimates. Entrants without seed times are placed by the computer in the slowest heat or least preferred lanes.

We look forward to hosting the Cobber High School Indoor Track and Field Invitational. Good luck and may you and your teams enjoy a successful season.

Sincerely,

Marv Roeske
